

Bulletin of Advanced Course of Akashi National College of Technology

No. 6 (March)

CONTENTS

- Self-Localization for Mobile Robots Based on Integrating Multiple Floor Regions  
on Omni-Directional Images . . . . . Masaya ENOMOTO(1)
- Development of Anisotropic Materials by Using Supercooling . . . . . Ryota KINOSHITA (7)
- Speech Synthesis and Analysis of the Japanese Language Consonant "Ka,ki,ku,ke,ko"  
. . . . . Hiroshi SAKABE(13)
- The Rotating Bending Fatigue Tests of High Carbon Chromium Bearing Steel, JIS SUJ2,  
and Chromium Molybdenum Steel, JIS SCM435 . . . . . Tomofumi Sato(19)
- A Study on a Simulation Model of Mercury-Free HID Lamp for Automotive Headlights  
. . . . . Daisuke HARUKI(25)
- Study on a robot with the master slave control system for Rescue Robot Contest  
. . . . . Yoshiki Honma(31)
- Design of Robots for Rescue Robot Contest and Evaluation of Their Performances through contest  
. . . . . Yoshishige Matsuda(37)
- Development of Program,for a Rescue Robot Control . . . . . Tomishige MICHIMURA(43)
- Forced Convective Heat Transfer Downstream of a Cylinder Array Placed above a Heated Wall  
. . . . . Masanori MORISAKI(49)
- Output Stabilizing Control for a Variable Speed Wind Turbine Generator  
. . . . . Kazuya MORIMOTO(55)
- Quality of Service on WWW Server and Performance Evaluation of Java Base Web Application  
. . . . . Tatsuro YAMAMOTO(61)
- Analysis of the Japanese Language /s/ and the Speech Synthesis of the Japanese sound "shi"  
. . . . . Anthony Pheng How CHUA(67)
- A Fundamental Study on Habitation environment analysis in High Density City Area  
-A Case Study of Nishi-Akashi Minami area- . . . . . Takashi ABE(73)
- Research on a Light Intensity Profile at an Air-water Boundary in a Laser-induced Image  
. . . . . Tatsuya Oe(79)
- New-Settlements in the Old Settlement at Kobe  
-Architecture and Region Project utilized nature of place- . . . . . Kyoko KIMURA(85)
- Studies on the Strength of Cement Treated Hedoro Mixed with Incinerate Ashes and on the Elution  
Properties of Heavy Metals from the Treated Hedoro . . . . . Natsuko KUSUMOTO(93)

- Aseismic Effects on High-Ductility Reinforcements for Inter-Story Isolated Structures  
 . . . . . Atsuko SHIRAYAMA(99)
- A Study on Local Scour and its Reduction Method in Downstream of Rich-in-Nature Bed Protection Works  
 . . . . . Yoshinori DATE(105)
- Equilibrium Mechanism of the Land-Use and Urbanization in the Period of a Social Change  
 . . . . . Hideharu TANAKA(111)
- A Study on the Selection of Joint Metals for Wooden Frameworks . . . . . Kohsuke TERA(117)
- bathing and the place . . . . . Takeshi HIGASHIMURA(123)
- A study on the housing-living reconstruction in Hanshin-Awaji Great Earthquake  
 -A case study of people from Higashi-Kakogawa temporary housing-  
 . . . . . Yasushi HIGASHIMURA(133)
- Fundamental study of barrier free on historic buildings . . . . . Hiroyuki HIRAYAMA(139)
- DANCE CUBE  
 ~The facility for health promotion through exercises and relaxation with its coloration~  
 . . . . . Yasuji FUNAMOTO(145)
- Dynamic Response of Symmetric Disc Subjected to Harmonic Function Loads . . . Naomichi HOTEI(155)
- A study on the changes of the lives of aged people by housing remodeling . . . . Fumiko MAEDA(161)
- Large Deformation Structural Analysis of Framed Structures by Estimated Incremental Method  
 . . . . . Tomoyuki MIZUTA(167)

☆☆☆ ☆☆☆ ☆☆☆

- A list of works by the members of the Advanced Course:  
 Oral reports presented at academic societies and papers published in academic journals . . . . . (173)
